

TESTIMONIALS

Colin,

My parents and I attended your show last night at the Marine Hall, Fleetwood and I wanted to let you know how much we all thoroughly enjoyed it.

All of the performers were excellent managing to mix a highly professional performance with making the audience feel as though they were very much part of the show.

I do not usually appreciate dance numbers, but the girls last night were all excellent and obviously very talented with unbounding energy ! All of your singers have fantastic voices - in fact, my only very tiny niggle is that, on occasion, the music slightly obscured your obvious vocal talents ! It was a pleasure to hear such great voices locally when usually you would have to travel quite a way to see such a professional show. Please also congratulate Christine Milburn on the excellent costumes. I hope that we will have the opportunity to see your show again. It is not just for those who can remember the songs either - I am only 34 and had a great time !

Many thanks once again, and please pass on our appreciation to your colleagues.

Helen B

Hi Tony

Well done on the performance last night at St George's Hall. Please could you thank all your team the family and I had a brilliant time it was so good to see you again.

A**** really enjoyed her self as this was the first time she had worked with adults she actually cried all the way home because it finished. She would have loved it to go on and on, she would like to do some more work with you and the crew so if you have anything planed for the future please do contact me. Travelling is not a problem, I must say this is all A**** not me but I will back her up 110% because she enjoys all of this and after tonight's performance and people coming up to me and saying how good she is well I am lost for words now if you have any idea's for her in other shows or other production please do call.

Thanks again for a wonderful night out.

Kind Regards

Malcolm T

Dear Colin,

My daughter and I attended the show tonight at Hartlepool Town Hall Theatre. It was definitely a blast from the past and therefore a refreshing change. We enjoyed it so much that having now found your company we will be watching for other venues. You must be good, we travelled from Sunderland to see you. Keep it up, it was the only true variety entertainment we have found in many years. We will be singing your praises everywhere we can.

Jean C

Dear Colin and everyone

Thank you for a very enjoyable evening at the Marine Hall Fleetwood.

Those Were The Days was a treat. The music, the costumes and the humour together with the 'toe tapping twirlies' contributed to an excellent performance, a credit to the whole Company.

We look forward to you paying a return visit to Fleetwood.

Best wishes,

Suzanne & Tony G
